Page 33, line 6, **INSERT** New Finding of Fact:

“We are concerned with drastic reductions in PBIs that can damage the market and create market uncertainty. We therefore will retain the PBI levels contained in TEP’s initial 2012 REST plan filing as well as the initial Staff report.”

“IT IS FURTHER ORDERED that the PBI levels be set at levels proposed by TEP in its initial filing, \$0.125 per kWh for 70-200 kW systems, \$0.105 per kWh for 201-400 kW systems, and \$0.091 per kWh for 401 kW and greater systems.”
