**INSERT** New Finding of Fact:

“We believe that customers who benefit, from the effective date of this decision, by receiving incentives under the REST rules should provide an equitable contribution to future REST benefits for other customers. We will therefore require that residential, small commercial and large commercial customers who receive incentives under the REST rules will pay a monthly REST charge equal to the amount they would have paid without the renewable installation. This payment shall begin when TEP reprograms its billing system to accomplish this, or with the October 2012 billing, whichever is sooner.”

**Page 37, line 26**

**INSERT** New Ordering Paragraph:

“IT IS FURTHER ORDERED that residential, small commercial and large commercial customers who receive incentives, from the effective date of this decision, under the REST rules will pay a monthly REST charge equal to the amount they would have paid without the renewable installation. This payment shall begin when TEP reprograms its billing system to accomplish this, or with the October 2012 billing, whichever is sooner.”
