AZ Corporation Commission,

Between the costs of government spending, waste and inflation I can hardly make things work as it is. This is supposed to be the golden years but in modern terms they suck.

I haven't had to start eating dog food yet but the way things are going I may get there.

My dear wife and I live on a fixed income....we thought we could live with some dignity and comfort because we worked all our lives. But we didn't count on all actions of the out of control spending of the Federal, State, County and local governments. Do NOT raise rates! GV Christensen, Apache County, AZ
