Re: Notice of Errata - Tucson Electric Power Company Pricing Plan GS-51
Docket Nos. E-01933A-05-0650 and E-01933A-07-0402, Decision No. 70628

On November 26, 2008, Tucson Electric Power Company ("TEP") filed its Pricing Plan GS-51 Private Street and Area Lighting Service in compliance and consistent with Arizona Corporation Commission Decision No. 70628 (December 1, 2008). In the original filing in the unbundled section, the System Benefits 100 Watt component rate is \$0.120; however, the correct rate is \$0.012. Because the correction is in the unbundled portion of the Pricing Plan, no customers were charged the incorrectly. TEP hereby files a redlined and corrected version of the Pricing Plan.

If you have any questions, please contact me at (520) 884-3680.

Pricing Plan GS-51 Private Street and Area Lighting Service

A UniSource Energy Company

SPECIAL PROVISIONS

- (1) Installation of a light on an existing pole is subject to prior approval of Company.
- (2) For underground service, where customer provides trenching up to 10 feet in accordance with Company's electric service requirements customer shall be billed at the rates for overhead service.
- (3) Extensions beyond 100 feet and all installations other than those addressed in this pricing plan will require specific agreements providing adequate revenue or arrangements for construction financing.
- (4) The Customer is not authorized to make connections to this lighting circuit or to make attachments or alterations to the Company owned pole.
- (5) If a Customer requests a relocation of a lighting installation, the costs of such relocation must be borne by the Customer.
- (6) The Customer is expected to notify the Company when lamp outages occur.
- (7) The Company will use diligence in maintaining service; however, monthly bills will not be reduced because of lamp outages.

- (8) After the minimum contract period, if any, has expired, this agreement shall be extended from year to year unless written notice of desire to terminate is given by either party at least thirty (30) days prior to the end of any such annual extension date.

TAX CLAUSE

To the charges computed under the above rate, including any adjustments, shall be added the applicable proportionate part of any taxes or governmental impositions which are or may in the future be assessed on the basis of gross revenues of the Company and/or the price or revenue from the electric energy or service sold and/or the volume of energy generated or purchased for sale and/or sold hereunder.

RULES AND REGULATIONS

The standard Rules and Regulations of the Company as on file with the Arizona Corporation Commission shall apply where not inconsistent with this pricing plan.

ADDITIONAL NOTES

Additional charges may be directly assigned to a customer based on the type of facilities (e.g., metering) dedicated to the customer or pursuant to the customer's contract, if applicable. Additional or alternate Direct Access charges may be assessed pursuant to any Direct Access fee schedule authorized.
