DOCKETED BY

Dear Commissioner Burns,

I have enclosed a copy of my APS December electric bill for my company, Central Bindery. I have owned and operated this company for 28 years and we employ approximately 50 people.

I have highlighted 2 charges, "Environmental benefits surcharge" for \$441.08 and "Federal environmental improvement surcharge" for \$10.06. I understand that the \$10.06 charge needs to be addressed at the Federal level. However, I believe the \$441.08 charge has been enacted by the Arizona Corporation Commission and represents 5.11% of my total bill.

I have some questions concerning this charge. Why is it there? Can it be repealed by an order of your body?

My concern is that APS uses it to subsidize green programs that I do not receive and should not have to pay for in my bill.

If someone wants to put solar panels on their roof, I have no problem with that, but let them pay for it as they receive the benefit.

Thank you for your time. I look forward to your response.

Sincerely,

Andy Delph
President
