Re: Tucson Electric Power's Modified Energy Efficiency Plan, Program and Program budget,
E-01933A-II-0055

Dear Commissioners,

As a Tucson Electric Power (TEP) customer, I am requesting that you support and approve
TEP's Energy Efficiency Plan as proposed in its modified implementation plan.

I am willing to invest in energy efficiency in my bill because I believe it will in the long run
reduce bills for everyone, reduce pollution, and create jobs in this region.

I do not support any consideration of allowing TEP to opt out of Energy Efficiency Standards
requirements.

Thank you for your time and careful consideration of this matter.
