AZ CORP COMMISSION DOCKET CONTROL

Arizona Corporation Commission

DOCKETED

MAR 19 2012

AZ Corporation Commission
1200 W. Washington, 1st Floor
Phoenix, AZ 85007

DOCKETED BY

Dear Corporation Commissioners: E-00000C-11-0328

Enclosed please find 13 copies of the following letter I would like distributed to the Commission.

APS installed a new "smart Meter" (so called) on our property without our knowledge or permission in April 2009. We object to the Federal Government *forcing* this action onto APS and American Citizens. Since the installation we have had numerous occasions where we have lost our internet signal. The meters *forced* on us operates in the same broadcast frequency environment as our cell phones and features of our internet. EMF signals are broadcast around the clock giving the Federal Government the ability to monitor our electricity usage. This capability violates every citizen privacy aspect of the U.S. Constitution.

The "green subsidy" issue is not only a political issue but is a bogus issue *forced* on the American people with no authority in the Constitution.

The health issue of being *forced* to live in an EMF environment has not been thoroughly investigated. As a matter of fact, governments around the world are investigating the use of EMF technology as a weapon, and we are warned periodically about the dangers wrought by "sun spots" on our environment.

As a citizen of the United States, protected under the U.S Constitution from any intrusion on our privacy and protected by the same Constitution's Commerce Clause from being forced by the government to purchase products we do not want, demand that the meters on our properties located at: 1109 E. Paint Your Wagon Trail and 1125 E. Paint Your Wagon Trail be replaced by meters which will not use the medium of EMF for broadcasting.

Sincerely, Citizen Patriots, concerned about government abuse.

Mr. and Mrs. Kenneth E. Jordan
1109 E. Paint Your Wagon Trail
Phoenix, AZ 85085
