DOCKET NO. SW-01303A-09-0343

**EPCOR WATER ARIZONA
INC.'S MOTION FOR ENTRY
OF PROCEDURAL ORDER
NUNC PRO TUNC
CORRECTING DECISION NO.
72047**

On January 6, 2011, the Commission issued Decision No. 72047 authorizing rates for EPCOR Water Arizona Inc.'s (formerly Arizona-American Water) ("the Company"), Anthem Water, Sun City Water, Anthem/Agua Fria Wastewater, Sun City Wastewater, and Sun City West Wastewater districts. Attached to Decision No. 72047 was Exhibit A, the

1 resulting tariffs for each of those districts. On account of a recent rate and tariff audit
2 undertaken at the Company due to the ownership and billing service transition, it has come
3 to the attention of the Company that the Sun City Wastewater and Sun City West
4 Wastewater portions of Exhibit A that refer to commercial commodity rates contain certain
5 omissions. The omissions in question relate to the fact that no commodity tier delineation
6 is made for the Single & Multi Unit commercial 5/8" thru 2" customers in both wastewater
7 districts where one ought to exist. Considering that neither Commission Staff ("Staff") nor
8 any other party to the case indicated any desire to deviate from the existing rate tier
9 structures for Single & Multi Unit commercial 5/8" thru 2" customers (which set a
10 commodity rate tier limit that varies by meter size), the omissions in Exhibit A should be
11 considered typographical in nature. Furthermore, proofs of revenue undertaken by Staff
12 and the Company after the Open Meeting considered only the existing tier structures for
13 Single & Multi Unit commercial customers further confirming that the omissions are
14 typographical in nature. Despite the final approved Exhibit A tariffs of Decision No.
15 72047, the Company continued to bill its Sun City Wastewater and Sun City West
16 Wastewater Single & Multi Unit commercial customers according to the existing
17 commodity rate tier structures, so no over- or under-billing has occurred.

18 Therefore, the Company respectfully requests that a procedural order be issued to
19 correct Exhibit A to Decision No. 72047 *Nunc Pro Tunc* to reflect commodity rate tier
20 structures for Single & Multi Unit commercial 5/8" thru 2" customers of both the Sun City
21 Wastewater and Sun City West Wastewater districts.¹ For the convenience of the
22 Commission, the Company has attached revised Exhibit A tariff sheets for the Sun City
23 Wastewater and Sun City West Wastewater districts only, which properly reflect the
24 appropriate commercial commodity tier delineations.

25 _____
26 ¹ As set forth on the Exhibit A attached to this filing, the tariff now correctly notes the tier structures for those customers. The Exhibit A attached to Decision No 72047 noted the volumetric charge but did not specify the tier break points.
