Motion to Reschedule April 13 Hearing

BY THE INTERVENER:

Due to an unforeseen serious medical situation involving a family member in Virginia, Intervener respectfully requests the Commission to reschedule the pending April 13, 2012 procedural conference. Intervener is flying to Virginia on Monday, April 9, and expects to be in Virginia for approximately 10 days. Intervener then has business travel until approximately April 25.

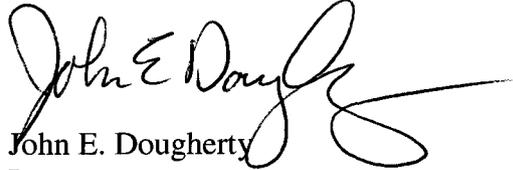

Intervener will be available to participate in the procedural conference by telephone, if necessary. However, Intervener believes that personal attendance at the conference is extremely important, particularly given the unresolved discovery issues and complexity of pending issues.

Intervener sent a March 22 email to Mr. Wiley attempting to resolve some of the Discovery issues and setting out additional documents sought. Intervener has not received a response from Mr. Wiley as of this date.

Intervener is also very concerned about the unsettled issues in this docket, particularly any possible action by the Montezuma Rimrock to implement the signed lease agreements prior to additional review by Intervener and Staff and approval by the

Commission. Intervener urges the Commission to Grant Intervener's March 13 motion and March 21 supplemental motion to bar the Company from implementing the lease.

Dated this 6th Day of April, 2012
