As of our latest report our pump
is failing fast. (see attached sheet.)

Our customers are also down..

In 2010 we had 57 customers we
now have 48, a new one this month.

Enclosed are the meter readings for
the last month.

Respectfully,
Eagletail Water Co. LLC

As previously reported to you, our main well pump is rapidly failing. When you were out here in Febuary ,our pump was pumping about 280 GPM down from 380 GPM in December. At the end of march I reported that the pump was now pumping 160 GPM. As of the 17 of April The pump is pumping 75 GPM which is only 49,980 gallons of water. The Pump ran from 3:20 P.M.

to 11:00 A.M. 19 hours to accumulate 3 FT of water in our tank. We will be luckey to be able to pump any water by the end of this month. Any help we can get will be greatly appreciated.

Thank you
For Eagletail Water Company LLC
