Arizona Corporation Commission  
1200 West Washington Street  
Phoenix, AZ

Attention: Carmel Hood

In compliance with docket number SW-20576A-08-0067 in decision 71119 Sacramento Utilities LLC is required as a compliance item to file each year a Report Detailing The Amount of Effluent Sold in the preceding year along with an explanation of any difference between effluent amounts produced and sold in the proceeding year along with a detailed description of the efforts undertaken by the Company to sell effluent to other entities.

To date while the facility has been constructed there has been no development and the facility has not been placed into service, therefore, no effluent has been generated or available for sale. Since it is unknown when development may occur and the facility will need to be placed into service there has been no effort undertaken to sell effluent to other entities.

Sincerely,

Dwight Zemp  
Manager
