Attn: Carmen Madrid

Thank you for your call last week regarding the rate application. You were very helpful. I think I have the items were talkd about. I have correct the proposed rate charges and serivce charges. I have completed and attached the Tariff Schedule and the Cross Connection tariff. I have gotten a notarized statement that the Customer Notification letter was sent and when. I have also attached a copy of the notification.

Since the persons that Mr. Wallace purchased Bidegain Water from have died, you were going to find out how I should proceed with the Certificate of Convncience and Necessity. Mr. Wallace thought one was completed at the time of purchase, but has not priveded me a copy (he is still looking for it, not sure hc had a copy).

Mr. Wallace has asked me if we have to redo the Certificate of Convenience and Necessity, do we also have to do the rate application. They seem to cover much of the same information?

## CUSTOMER NOTIFICATION

BIDEGAIN WATER has applied to the Arizona Corporation Commission for an adjustment in rates. The current rates have been in effect since January 1991. An increase in rates is necessary at this time to pay bills and for system upkeep. Based on the Company's unaudited Test Year results, BIDEGAIN WATER realized an operating loss of \$4,838.00. The Company is requesting a revenue increase of .953% of total revenues. Please see the attached pages 9 and 11 of the Company's Application for the current and proposed rates.

The Application is available for inspection during regular business hours at the offices of the Commission in Phoenix, Arizona at 1200 West Washington Street or on-line at <http://edocket.azcc.gov/edocket/> and at BIDEGAIN WATER c/o Samuel Accounting Services, 247 South Hill Street, Globe, Arizona 85501. Please be advised that the rates and charges ultimately approved by the Commission may be higher or lower than the rates and charges requested in the Application.

Customer input is an important part of the Commission's analysis of the requested adjustment and is a factor in determining whether a hearing will be conducted. Customers should bring to the Commission's attention any questions or concerns related to the Company's Application including service, billing procedures or other factors important in determining the reasonableness of charges. Customers may have the right to intervene in this matter. Customers wishing to communicate with the Commission, or request information on intervention in the proceeding, should contact the Commission's Consumer Services Section at 1-800-222-7000 (if located outside the Phoenix local calling area) or 1-602-542-4251 in the Phoenix local calling area. Customers are advised that the Commission may act upon the Application without a hearing. Regardless of whether a formal hearing is held, customer comments submitted in writing will be placed in the office file, which the Commission reviews prior to making its final decision on the Application. It is important that customers contact the Commission within 15 days of the receipt of this notice so that the Commission's Staff can consider customer comments and concerns in developing its recommendations to the Commission.
