Re: Docket W-03948A-07-0495, Decision No. 70203

Dear Mr. Bozzo,

Per the above referenced Decision dated March 20, 2008 Page 10 Line 4.5 states:

IT IS FURTHER ORDERED that Empirita Water Company, LLC shall file a full rate application by May 1, 2012, using a December 31, 2011 test year.

Empirita has received your Notice of Future Compliance letter dated April 2, 2012. Unfortunately, we have been unable to entirely complete the application in such a manner that it is appropriate for filing by the May 1 deadline. In lieu of incurring the expense of copying and filing a rate application that is incomplete and unsupported, we respectfully request that the Commission extend the filing date to on or before June 1, 2012.

By that date, we expect to have a complete application, along with supporting invoices and customer notifications ready to be mailed the same day. We appreciate any assistance the Commission would be willing to grant this small utility. With only 33 active customers, money and other resources are already strained for this company.

Please don't hesitate to contact me if you have any questions.

Regards,
