Subject: PIMA Request

I have been advised by our HOA that PIMA Water and Sewer Utility Company has requested a rate increase to its customers of 29.2% on water and 22.2% on sewer. PIMA and their shareholders want to double their rate of return on equity to 10.5% at a time when my investments and social security are not increasing. This unrealistic increase will be a real hardship on the property owners in the Sun Lakes Communities most of whom are retired citizens such as myself. As explained, an increase in irrigation water from \$0.36 per thousand gallons to \$0.70 per thousand amounts to a 94.44% increase in revenue for PIMA and their shareholders.

This matters requires your immediate attention and request denial.

My name is William K. Nelson. I have a seasonal home located at 23701 S. Pleasant Way in Sun Lakes, AZ. For your additional information our docket numbers are: W-02199A-11-0329 and SW-02199A-11-0330.

I urge you to give full consideration to this and act accordingly. This is not the time to allow these types of increase to occur!
