INSERT Page 41, Line 20

We believe that customers who benefit by receiving incentives under the REST rules should provide an equitable contribution to future REST benefits for other customers. We will therefore require that residential, small commercial, large commercial and industrial customers who receive incentives under the REST rules pay a fixed cost, the monthly REST cap. This payment shall begin when APS reprograms its billing system to accomplish this, or with the March 2013 billing, whichever is sooner. This requirement shall only apply to renewable systems installed on and after July 1, 2012.
