RE: PROCEDURAL ORDER dated 4/11/2012
Docket No. WS-20794A-11-0140 & WS-20794A-11-0279

DII-Emerald Springs, LLC ("DII") responds to the above mentioned procedural order as follows:

1. DII Requests Mr. Thompson intervention is terminated as he failed to comply with the procedural order of April 11, 2012.
2. DII believes Mr. Thompson will not be able to comply with ADEQ requirements as he is already in violation of his general permit.
3. DII has spoken to ROBhana and WALTCO (owners of land) and they are willing to issue a Lease agreement if DII becomes the approved Utility Company.
4. DII has also discussed with ROBhana and WALTCO about the possibility of letting a third party company take over the DII's sewer system. In an effort to find a solution, DII is in agreement with this concept provided the existing outstanding loan and invoices are retired.
5. DII respectfully requests to move this case forward to a decision stage.

If you need additional information, please contact me directly at 626-664-0602.

Sincerely,

DII-Emerald Springs, LLC
Henry Melendez, President
