COMPANY: Mohave Electric Cooperative, Inc. AGENDA ITEM NO. ___

DOCKET NO(S). E-01750A-10-0453

OPEN MEETING DATE: June 19, 2012

Proposed Amendment to the Recommended Opinion and Order on Rehearing to require offsite air quality monitoring program

INSERT Page 23, Line 10:

In addition to affirming Decision No. 72500 in its entirety, we also find that review of the record in this matter warrants an additional requirement concerning Staff's recommendation that Mohave cooperates with Maricopa County and the Arizona Department of Environmental Quality to develop an offsite air quality monitoring program to measure the air quality impacts of the RPG WTE facility. We agree with Staff's recommendation and shall require Mohave to docket the offsite air quality monitoring program plan prior to the RPG WTE facility beginning operation. Further, the air monitoring program results shall be included in the semi annual reporting to the Commission required by our decision.
