We are responding to the rate increase that Bob Frisby is requesting for the Beaver Dam Water Company in Northern Arizona. We are homeowners in the Beaver Dam Resort which is serviced by Beaver Dam Water Company. We have one 6 inch meter that is used for the whole park and then we split the cost each month in our monthly dues.

Bob Frisby's proposal, if passed as is, would increase our water bill by 17% if we use the same 6 inch meter for the entire park. But it is our understanding that he has put in individual 5/8 inch water meters on each lot in the park (187 lots) and wants to start doing individual bills for usage for each homeowner. With the new proposed water rates, that would mean that each lot owner's water bill per month would go from \$22 (our group rate) to \$34 (individual meter bill for 5/8 inch line and 5000 gallons of water). That is a more than 50% increase for each of our property owners in Beaver Dam Resort. We realize that we are not his entire service area, but we are a big part of it and we oppose the rate increase.

Thank you for taking this information into consideration when making your decision.
