EXCEPTIONS TO ROO

Graham County Electric Cooperative, Inc. ("GCEC" or the "Company") submits the following exceptions to the Arizona Corporation Commission Staff's Recommended Opinion and Order ("ROO") on GCEC's Electric Energy Efficiency Implementation Plan for 2012 and 2013 ("2012-2013 EE Plan") filed on July 3, 2012.

The ROO at page 22, line 5 orders GCEC to provide notice to its customers of the new DSM adjustor within 15 days of the effective date of this Decision. The only way GCEC can provide such notice within 15 days is to send out the notice to each customer in the mail at a cost of over \$4,000. GCEC would request that the ROO be modified to allow GCEC to send out the notice to customers within 30 days of the effective date of this Decision. This will allow GCEC to send the notice as a bill insert rather than a separate mailer. If the DSM adjustor is effective on August 1, GCEC will begin to include the notice as an insert in customer's bills that will be sent at the end of July and have sent a bill insert to all customers by the end of August.

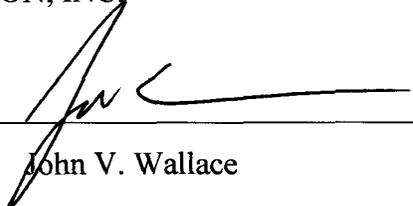

The ROO at page 15, line 16 states a total budget of \$7,000 for the Residential CFL Lighting Program. The table on page 18, line 20 of the ROO states a total budget of \$6,000 for the

1 Residential CFL Lighting Program. GCEC requests a clarification and modification to the ROO
2 that will make these amounts equal.
