RE: JOHNSON UTILITIES, L.L.C. - RESPONSE TO REQUEST FOR STAFF
CONFIRMATION (DOCKET NO. WS-02987A-06-0667, DECISION NO. 70411)

In Decision No. 70411, dated July 3, 2008, the Arizona Corporation Commission (“Commission”) issued the following compliance order which required subsequent actions by both Johnson Utilities, L.L.C. (“Johnson” or “Company”) and Commission Staff (“Staff”):

“IT IS FURTHER ORDERED that this Decision shall not become effective until the first day of the month after Johnson Utilities, L.L.C., files in Docket Control documentation from Arizona Department of Environmental Quality that the Pecan Wastewater System is in full compliance with Arizona Department of Environmental Quality and Staff files confirmation of such compliance with Docket Control, and the current rate case filing is found to be sufficient.”¹

On July 30, 2012, Johnson filed a “Supplemental Compliance Filing and Request for Staff Confirmation” to comply with the above ordering paragraph. As part of this compliance filing, Johnson referenced Decision Nos. 72502 (July 25, 2011) and 73236 (June 26, 2012) indicating that the Pecan Wastewater System has met Arizona Department of Environmental Quality (“ADEQ”) compliance.

In its review for compliance confirmation, Staff has taken notice of the 2012 ADEQ compliance status reports that were docketed on March 16, 2012, in Docket No. WS-02987A-09-0083. These ADEQ compliance status reports were subsequently used by the Commission in granting the CC&N extension outlined in Decision No. 73236. Based on its review, it is Staff’s opinion that Johnson’s Pecan Wastewater System is in compliance with ADEQ.
