AZ CORP COMMISSION
DOCKET CONTROL

AZ CORP COMM
Director, Utilities
Arizona Corporation Commission

DOCKETED

Gary Pierce, Paul Newman, Bob Stump and Sandra D. Kennedy
Administrative Staff of the Commission and Wesley Van Cleve,
Attorney for Arizona Corporation Commission

AUG 21 2012

To all of the above;

DOCKETED BY [Signature]

I am asking all of you for some help. The help I need is for the Commission to draft a notice to Mohave Electric Cooperative (here after referred to as MEC) asking them to show cause why they will not re-instate my electricity.

The Federal Government has determined that I have Post Traumatic Stress. The emotional and stressful dealings with MEC, and the fact that I do not have continuous electricity to run my breathing machine, is the reason I am asking for your help.

The Arizona Administrative Codes are under your jurisdiction. The Arizona Administrative Codes I am asking you to give MEC notice on the following laws:

A.A.C. R14-2-211 A 5

A utility SHALL NOT terminate residential service where the customer has and inability to pay and:

A.A.C. R14-2-211 A 5 a

The customer can establish through medical documentation that, in the opinion of a licensed medical physician, termination would be especially dangerous to the health of a customer or a permanent resident residing on the customer's premises, or

A.A.C. R14-2-211 A 5 b

Life supporting equipment used in the home that is dependent on utility service for operation of such apparatus,

I am asking the Commission to intervene on my behalf by giving notice to MEC to show cause why they will not reinstate the electricity to my place of residence.

It has been well established in a court of law that I fall in this area of law. If for some reason you choose not to intervene on my behalf, I am requesting a complete explanation as to why you will not intervene on my behalf.

I will be looking for a written response as to what action you intend to take.
If you would be so kind as to respond within ten days of the date of this letter it
will help in resolving these issues.

Sincerely,
