Re: Valencia Water Company – Town Division
Docket No.: W-01212A-12-0309

Dear Ms. Scott:

Thanks again for meeting with us today. We appreciate the effort Staff is taking to work through the sufficiency process. As we agreed during the meeting, Global Water will provide to Staff for Staff's review and comment answers to Staff's questions, together with any explanatory data, revisions to schedules, and revisions to testimony. Global Water will endeavor to provide this to Staff by early next week, and will refrain from filing the information until we receive Staff's comments and input. Staff will attempt to provide a determination on sufficiency by September 25. However, if Global Water is not able to provide the information to Staff early next week, Staff may require additional time.

Please let me know if you have any questions about the above, and again thanks for Staff's efforts to move this along.

Very truly yours,
