Docket No. L-00000UU-11-0337-00162

Case No. 162

**NOTICE OF HEARING**

A PUBLIC HEARING WILL BE HELD before the Arizona Power Plant and Transmission Line Siting Committee ("Committee") regarding the application of Sonoran Solar Energy, LLC ("Applicant") for a Certificate of Environmental Compatibility authorizing the construction of 500kV electric transmission line and a switchyard (the "Project").

A 500kV electric transmission line would be constructed between the proposed Sonoran Solar Energy Project's switchyard located in Section 21, Township 2 South, Range 3 West and terminate at the existing Jojoba Substation located in Section 25, Township 2 South, Range 4 West.

There are two proposed alignments for the electric transmission:

(1) Preferred Route - The Applicant's preferred alignment would begin at the proposed Sonoran Solar Energy Project's switchyard, travel 0.9 miles to the west and then turn to the southwest traveling 1 mile, where it would then turn west 1.3 miles to connect to the Jojoba Substation.

(2) Alternate Route - The alternate route would begin at the proposed Sonoran Solar Energy Project's switchyard, travel 0.7 miles to the south, and then turn to the west and travel approximately 2.8 miles to connect to the Jojoba Substation.

The Project switchyard will be an approximately 3-acre area on the western side of the Sonoran Solar Energy Project site. The switchyard will consist of several medium voltage breakers and switches, for collecting the power from the solar panels and inverters, a main step up transformer and 500kV breakers and switches for protection. Redundant line protection relays and associated metering and protection equipment will also be installed.

1 The hearing will be held at the Hampton Inn and Suites Phoenix/Goodyear, 2000

5 approximately 5:00 p.m. on all days. Additional hearing days, if necessary, will be  
6 noticed on the Applicant and Arizona Corporation Commission ("ACC") websites.

Docket No. L-00000UU-11-0337-00162

Case No. 162

**AMENDED NOTICE OF HEARING**

A PUBLIC HEARING WILL BE HELD before the Arizona Power Plant and Transmission Line Siting Committee ("Committee") regarding the application of Sonoran Solar Energy, LLC ("Applicant") for a Certificate of Environmental Compatibility authorizing the construction of 500kV electric transmission line and a switchyard (the "Project").

A 500kV electric transmission line would be constructed between the proposed Sonoran Solar Energy Project's switchyard located in Section 21, Township 2 South, Range 3 West and terminate at the existing Jojoba Substation located in Section 25, Township 2 South, Range 4 West.

There are two proposed alignments for the electric transmission:

(1) Preferred Route - The Applicant's preferred alignment would begin at the proposed Sonoran Solar Energy Project's switchyard, travel 0.9 miles to the west and then turn to the southwest traveling 1 mile, where it would then turn west 1.3 miles to connect to the Jojoba Substation.

(2) Alternate Route - The alternate route would begin at the proposed Sonoran Solar Energy Project's switchyard, travel 0.7 miles to the south, and then turn to the west and travel approximately 2.8 miles to connect to the Jojoba Substation.

The Project switchyard will be an approximately 3-acre area on the western side of the Sonoran Solar Energy Project site. The switchyard will consist of several medium voltage breakers and switches, for collecting the power from the solar panels and inverters, a main step up transformer and 500kV breakers and switches for protection. Redundant line protection relays and associated metering and protection equipment will also be installed.

1 The hearing will be held at the Hampton Inn and Suites Phoenix/Goodyear, 2000  
2 North Litchfield Road, Goodyear, Arizona 85395. The hearing is scheduled to begin  
3 Tuesday, October 25, 2011 at 9:30 a.m., and to continue as necessary on  
4 Wednesday, October 26, 2011 at 9:30 a.m. The hearing will adjourn at  
5 approximately 5:00 p.m. on all days. Additional hearing days, if necessary, will be  
6 noticed on the Applicant and Arizona Corporation Commission ("ACC") websites.

26 conducted, a map and itinerary for the tour will be available at the hearings.
