To the Corporation Commission

This letter is about Far West Water & Sewer Inc. Docket No WS-03478A-12-0307. First off we do not see how they can justify asking for a raise on waste water of 188.05% with the way the economy is.

We would say that over 50% of home owners in the Foothills are senior citizens, and winter visitors and on a fixed income. We not only have to pay for sewer while were here, but we all still pay the same price for sewer while were gone. Most of us are gone for 6 months.

So what are they doing with all the income that they are getting and the sewers are not being used while were gone.

The owners of Far West are the most greedy people that I have ever seen. We hope that you give this a lot of thought before you let them raise the sewer bill from \$21.75 per month to 62.65 a month.

Sincerely
Jesse & Brenda Richmond
