Subject: Public hearing

Dear Mr. Pierce,

This is regarding docket WS-03478A-12-0307. A public hearing has been set for April 22, 2013, at the AZCC offices in Phoenix. I am urging you and the rest of the commission to reconsider the location of this meeting. While, I'm sure, the folks from Far West and myself, will have no problem attending, a very large number of those customers serviced by Far West are winter visitors and the elderly.

Attending this public hearing in Phoenix, I feel, will be a heavy burden for many of these folks, both financially and physically. Not to mention, the date comes at a time when many Canadian property owners will be heading back to their summer homes north of the border. They have no choice on that issue.

Please reconsider the timing and location of the public hearing. I believe it was three years ago when Far West wanted another large rate adjustment (rejected) that you and a couple of other commission members and the Administrative Law judge handling the case, came to Yuma and held a public hearing at a public school north of I-8. You may recall that the turnout was quite large.

I'm sure that this would again be the case, should more accommodation be provided those who might not otherwise be able to attend. Thanks for your consideration, Ray Vandelac 11695 E Calle Gaudi, Yuma 85367.
