2 CORP COMMISSION
DOCKET CONTROL

Administrative Law Judge
Dwight Nodes

Dear Commissioners and Judge Nodes,

November 5, 2012
Date

The undersigned wish to make a statement regarding the petition currently before the Commission of the Boulders Homeowners Association seeking the de-commissioning and closure of the Boulders East Plant, a sewage processing plant located in the midst of the Boulders Community in Carefree and North Scottsdale and operated by Black Mountain Sewer/Liberty Water. This statement follows:

as members of the Boulders Homeowners Association and ^{residents} four years prior to the Boulders Resort, it was plain to see and smell this processing plant located in the midst of very desirable family homes. The odor and noise is very disturbing and sickening. It is unbelievable that this sewage plant has remained. It should be eliminated, beyond question as being undesirable in the location of a place that all residents and guests are aware of due to its noise and putrid smell. I am sure if the Corporation Commission members had the equal of this bad smelling, noisy plant in their back yard they would soon have it removed. It is hard to believe that year after year it is allowed to continue to function.

Please make this our final request to remove and close down this deplorable sewage plant.

Thank you
