Dear Commissioners and Judge Nodes,

11/14/2012
Date

The undersigned wish to make a statement regarding the petition currently before the Commission of the Boulders Homeowners Association seeking the de-commissioning and closure of the Boulders East Plant, a sewage processing plant located in the midst of the Boulders Community in Carefree and North Scottsdale and operated by Black Mountain Sewer/Liberty Water. This statement follows:

22 years of complaints seems to only result in further delays and continuing odors to the discomfort of the residents and guests. Paying extraordinary high sewer rates and run by a Canadian company has not proved to be a solution.

No further words can emphasize the dissatisfaction of this community!

P.S. Some administrator within your organization has applied an archaic rule that you will only accept 13 copies of correspondence addressed to your organization. In this digital age your organization should be able to adapt to the use of email submittals and eliminate bureaucratic nonsense.

Thank you
