Nature of Complaint:

WS-03478A-12-0307

Sir or Madam

Once again Far West Water and Sewer has just amazed me in the request for a rate increase of 173.53%. I recall the last request approx two years was for an increase of approx \$2 million and now they want an increase of

of almost two times that. The Commissions recommendation that they acquire long term financing AND get proper management must not have been taken very seriously. In my opinion the Company would be better off going bankrupt then maybe someone would come in and manage it properly and not place a lot of out side burdens on the back of the rate payer

Thank you
