3 timeframe from inception of the tariff through December 31, 2010.

4 IT IS FURTHER ORDERED that Arizona-American Water Company shall lower the amount
5 of its existing CAP Surcharge for the Paradise Valley Water district to account for the difference
6 between the former \$22.62 per acre foot SRP water delivery and administrative charges and the

21 operate the White Tanks Plant; power costs; chemicals; waste disposal expenses; operating supplies;
22 and any other expenses directly associated with the operation of the White Tanks Plant. These
23 expenses shall be tracked and recorded in a deferral account limited exclusively to White Tanks Plant

25 (3) Arizona-American Water Company shall offset the amount deferred by all operating

27 water production from existing groundwater sources displaced by treated surface water from the
28 White Tanks Plant. Arizona-American Water Company shall track such operating cost savings
