Re: Acct # 202357288, 8333, #3, Rockin' R Ranch Trail, Snowflake, AZ 85937

Dear APS:

This letter has two purposes in regard to the Smart Meter opt out:

1. I am confirming my phone call of November 28, 2012 in which I opted out of the Smart Meter. My local APS office found me on the computerized opt-out list, but I want to be doubly sure.
2. Also, I wish to clarify that I need to keep my non-communicating analog meter. For health reasons I must avoid not only the wireless meters, but also the PLC type and digital. I am enclosing a copy of a letter from my doctor, Christina C. Wee, M.D., explaining my extreme sensitivity to electronic devices and radio frequencies.

Thank you.

Sincerely,

Melinda H. Wilson

Re: Melinda H Wilson  
~~Po Box 390892~~  
~~Cambridge, MA 02139~~

To Whom It May Concern:

As Ms. Wilson's primary care physician, I write to inform you that Ms. Wilson is extremely sensitive to certain electromagnetic and radiofrequency waves that are emitted by electronics and artificial lighting; these include fluorescence and LED lighting and cell phones. When exposed, she experiences symptoms such as headaches, earaches, nausea, dizziness, and an inability to mentally focus or concentrate.

She first reported these symptoms to me in 11/2008 after moving to a large apartment building on Erie St in Cambridge, MA. Because of this condition, she finds it extremely difficult to live in her current residence.

Sincerely,

Christina C. Wee, MD
