RECEIVED
2013 FEB - 1 P 2 14
ARIZONA CORPORATION COMMISSION
DOCKET CONTROL

Jan 27, 2013

Commissioner Gary Pierce
1200 W. Washington - 2nd Floor
Phoenix, AZ 85007

Honorable Commissioner Pierce,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Mr. Jerold Small
4330 E Hampton Cir N
Tucson, AZ 85712-3280

Phoenix, AZ 85007

Honorable Commissioner Bitter Smith,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

We just got hit with quadrupled water charges that were imposed arbitrarily. My wife and I are both over 70. She just had a stroke and a heart attack this summer. Even with Medicare and supplemental insurance our medical costs have taken a big chunk of what income we have. I am a student of economics and I know how major corporations "work the system". The Corporation Commission is in place to protect the people. Right now we need some protection.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Ms. Julia Smith
9855 E Irvington Rd Unit 207

Honorable Commissioner Pierce,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Sincerely,

Ms. Deborah Douglas

Honorable Commissioner Pierce,

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

We just got hit with quadrupled water charges that were imposed arbitrarily. My wife and I are both over 70. She just had a stroke and a heart attack this summer. Even with Medicare and supplemental insurance our medical costs have taken a big chunk of what income we have. I am a student of economics and I know how major corporations "work the system". The Corporation Commission is in place to protect the people. Right now we need some protection.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.

Tom Schrantz

Jan 27, 2013

Commissioner Susan Bitter Smith
1200 W. Washington - 2nd Floor
Phoenix, AZ 85007

Honorable Commissioner Bitter Smith,

When water rates kept going up, people with limited income stopped watering their yards and flushing their toilets. When gasoline prices went up, poor people stopped eating balanced meals, since the price of meats, vegetables, & dairy products surged. TEP bills are already so high that people cancelled non-essentials, such as COX cable services and higher education. If electric bills increase again, many people will have no choice but to stop cooling and heating their homes. Neglect of yards, unsanitary conditions in homes, poor nutrition, inability to purchase goods, and involuntary exposure to elements of nature are all signs of a depression.

Please seek new management at TEP rather than raising rates any further. When TEP's costs go up, there are many ways to balance TEP's budget besides raising prices for consumers or laying-off employees. Do you really think the Mayor of Tucson will see high utility rates as a way to spur economic growth and encourage businesses and others to relocate here?

What is the answer? Simply tell TEP NO!

Sincerely,

Ms. Terry Gragg

Commissioner Susan Bitter Smith
1200 W. Washington - 2nd Floor
Phoenix, AZ 85007

Honorable Commissioner Bitter Smith,

As a senior citizen on fixed income, a 15% increase in my TEP bill is outrageous. What are they going to do for me for this amount of \$\$???

Tucson Electric has asked to raise the average residential electric bill more than \$127 a year.

Many Arizonans, especially those who are older, are on fixed incomes and cannot afford a 15% increase. Many expenses are going up including food, insurance, medical care.

Tucson Electric is asking for too much!

The Arizona State Government's Residential Utility Consumer Office staff recommends a much lower increase of only 5.5%.

Tucson Electric is now trying to negotiate a settlement to get their full 15.27% increase.

I'm respectfully requesting that you, as an elected utility regulator, please do what you can to oppose raising the average residential electric bill \$127 a year.

I look forward to your action. Thank you.
