Re: Arizona Public Service Company  
Docket Nos. E-01345A -12-0290 and E-01345A-10-0394

Dear Dr. Peterson,

Thank you for your letter of January 21, 2013, regarding your issues of concern with the existing E-32L tariff rate schedule. During our Special Open Meeting of January 23, 2013 to address REST plans, we heard similar concerns from several other representatives of schools and school districts. As you note in your letter, the E-32L tariff rate was a product of the APS rate case. Discussions among the participants resulted in a comprehensive settlement among the parties, which was considered by the Commission in rendering Decision 73636, which was issued before I took office.

I appreciate your taking the time to provide me with a description of your concerns. The information you provided will be very useful to me in future deliberations.

Sincerely,

Commissioner Susan Bitter Smith
