DOCKETED BY [Signature]

RE: Arizona Public Service Company (APS or Company)
Docket Nos. E-01345A-12-0290 and E-01345A-10-0394
2013 Renewable Energy Standard (RES) Implementation Plan
Initial Technical Conference on Distributed Energy and Net Metering

To All Interested Parties:

The Arizona Corporation Commission (Commission), in Decision No. 73636, required APS to:

IT IS FURTHER ORDERED that APS shall conduct a multi-session technical conference to evaluate the costs and benefits of Distributed Renewable Energy and Net Metering as proposed in the APS comments to Staff's Recommended Opinion and Order that were docketed on November 15, 2012, and as recommended by Staff.... *Decision No. 73636, page 27, lines 17-20.*

The initial conference will be held at the APS Ocotillo Power Plant on February 21, 2013 beginning at 8:30 am. The Ocotillo meeting room will be familiar to many of you, as several of the Company's RES stakeholder meetings have been held at the plant.

If you plan to participate in the conference, please register at techconf@aps.com by end of day February 18, 2013. Please indicate if you are planning to participate in person so the Company can ensure your name is added to the security access list. Please allow time for check-in through security, as entry to the meeting location will be granted only to individuals who have registered and indicated they will attend the conference in person. A conference agenda will be e-mailed to all registered participants prior to the conference.

APS encourages all participants to attend in person. For those participants unable to attend in person, the conference agenda will include call-in instructions. Lunch will not be provided during the course of the meeting; however, there are several restaurants near the plant, and a map will be available at the conference for your convenience.

Thank you for your participation and APS looks forward to meeting with you on February 21st.

Sincerely,

Jeffrey W. Johnson
JJ/bgs
