Docket No. E-00000C-11-0328

Dear Commissioner Bitter Smith:

I wrote APS to opt out of smart meter technology and retain my current digital meters on both my accounts #295553280 and #914026286. Pedestals for both are the same distance from me. Electro-magnetic radiation from either could affect me. I opt out for health reasons, see below.

It's only fair that we who opt out of smart meters help APS by paying a level Equalizer amount for electricity so APS has to come out only once a year and by mailing or calling in usage information for the months in between. Nevertheless, it's not fair that we be charged extra to prevent harm to our health from smart meters.

[REDACTED] For my life, I need to prevent this from happening on a regular basis.

Sincerely and Respectfully,

Ward Stalnaker
