Global Water - Palo Verde Utilities Company is asking for another rate increase so the company can "ensure that these regulated utilities remain financially viable and that they earn their authorized return". This is the same reasoning for the rate increase that was granted by the ACC on Feb. 20, 2009. That increase saw our sewer rates go from approximate \$32/month to \$69.91/month on Jan. 1, 2012, that is approximately a 100% return, which I feel is more than an "Authorized return". Our family budget is not set up to handle another large increase. I strongly encourage the AZ Corporate Commission to deny Global Water rate increase.
