0315*****OPPOSED*****

The severe rate increase would be burdensome to all homeowners in our community and to the association in it's endeavor to maintain the vegetation and water features which would be again redirected to the owners. Such a large rate increase would also reduce growth at a time that we are finally seeing a resurgence of optimism in building and business activity. This growth will benefit global water with new customers unless it is destroyed by unrealistic rate increases.

Sincerely,
Robert Bruns
