SECTION 1 - GENERAL, (CONT'D.)

1.3 Description of Services

1.3.1 Working Assets is a communications Common carrier providing various intrastate communications services. Specific offerings are described below.

1.3.2 Timing of Calls

- A. The subscriber's long distance usage charge is based on the actual usage of Carrier's network. Usage begins when the called party picks up the receiver. When the called party picks up is determined by hardware answer supervision in which the local telephone company sends a signal to the switch or the software utilizing audio tone detection. A call is terminated when the calling party hangs up. Residential usage charges are rounded to the next full minute. (D/T)

1.3.3 Calculation of Distance

- A. Usage charges for all mileage sensitive products are based on the airline distance between rate centers associated with the originating and terminating points of the call.
- B. The airline mileage between rate centers is determined by applying the formula below to the vertical and horizontal coordinates associated with the rate centers involved. The Company uses the rate centers and associated vertical and horizontal coordinates that are produced by Bell Communications Research in the NA-NXX V & H Coordinates Tape and Bell's NECA Tariff No. 4.

Formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

1.3.4 Minimum Call Completion Rate

- A. A subscriber can expect a call completion rate of not less than 99.6% during peak use periods for all Feature Group D services (1+ dialing).

3.6.2 Other Discounts

- A. For residential subscribers who chose to participate in Working Asset's unique Citizen Action program, calls made to political leaders who are the subjects of an action alert in the subscriber's previous monthly invoice will be free of charge. Action alerts allow Working Assets' customers to express their views on issues they care about. Two such calls per day of up to five minutes in duration can be made. Calls in excess will receive a discount of 30%.
- B. For residential subscribers whose total usage charges exceed \$25.00 per month the discount applied to all of their intrastate usage is 15%.
- C. MTS calls from hearing-impaired WALD customers using teletypewriters for residential telecommunications will be discounted by 20%. This discount is in addition to any other applicable discount. Customer must provide Working Assets with a medical doctor's signed statement verifying his or her impairment prior to receiving discount.

**SECTION 63.71 APPLICATION OF
WORKING ASSETS FUNDING SERVICE, INC.
OFFERED AS WORKING ASSETS BUSINESS LONG DISTANCE**

Working Assets Funding Service, Inc. offered as Working Assets Business Long Distance (“Working Assets”) submits this Application for authority under Section 214(a) of the Communications Act of 1934, as amended, and Section 63.71 of the Commission’s rules, to discontinue its resold business long distance service (including toll-free service) to approximately 854 business customers whose services are supported by a billing platform that Working Assets intends to decommission. Effective December 31, 2012, when the billing platform is decommissioned, affected business customers will no longer receive business long distance service (including toll-free service) from Working Assets.

Pursuant to Sections 63.71 (a) and (b) of the Commission’s rules, Working Assets provides the following information:

1. Name and Address of Carrier (47 C.F.R. §§ 63.71(a)(1), (b)(2)):

Working Assets Funding Service, Inc. offered as Working Assets Business Long Distance

101 Market Street, Suite 700
San Francisco, CA 94105

2. Date of Planned Service Discontinuance (47 C.F.R. §§ 63.71(a)(2), (b)(2)):

Subject to the Commission's authorization to discontinue service pursuant to Section 63.71(c) of the Commission's rules, effective December 31, 2012, Working Assets will cease providing business long distance service (including toll-free service) to affected business customers.

3. Geographic Areas of Service Affected (47 C.F.R. §§ 63.71(a)(3), (b)(2)):

Subject to the Commission's authorization, Working Assets will discontinue business long distance service (including toll-free service) to business customers located in all states (except Alaska where Working Assets does not currently offer service) and the District of Columbia.

4. Brief Description of Type of Service Affected (47 C.F.R. §§ 63.71(a)(4), (b)(2)):

Working Assets' Business Long Distance offers long distance and toll-free service to business customers as a reseller. Working Assets currently has approximately 854 Business Long Distance customers. Effective December 31, 2012, however, Working Assets will have to decommission its billing platform that has supported business long distance (including toll-free) service, and will be unable to provide this service to the affected customers once that billing platform is decommissioned.

Working Assets has informed its business customers that they may select a different provider for business long distance (including toll-free) service, and these customers have other options. Affected business customers will have the opportunity to switch to other facilities-based providers, such as Sprint, that offer business long distance service at competitive rates. In addition, Working Assets will aid its business customers with the transition of their toll-free

numbers to minimize any disruption. As a result, the public convenience and necessity should not be impaired by this discontinuance.

5. Brief Description of the Dates and Methods of Notice to All Affected Customers (47

C.F.R. § 63.71 (b)(3)):

Working Assets sent notices to affected business customers by first class United States mail, postage pre-paid, on November 21, 2012. A copy of the notice is attached as Exhibit A.

Working Assets is sending copies of this Application by first class United States mail to the governor and public utilities commission for each affected state, as well as to the Special Assistant for Telecommunications to the Secretary of Defense, as required by Section 63.71(a) of the Commission's rules.

6. Regulatory Classification of Carrier (47 C.F.R. § 63.71 (b)(4)):

Working Assets is considered non-dominant with respect to the services to be discontinued.

Working Assets respectfully requests that the Commission approve this Application.

Additional questions regarding this Application may be addressed to the undersigned.

Respectfully submitted,

Re: Account number

Dear Working Assets Business Long Distance Member,

I'm writing to let you know that we'll be ending the specific business long distance service for which you are a customer on December 31, 2012. We're sending this notice to our business customers nationwide. Please rest assured that Working Assets/CREDO is not leaving the telecommunications business – we are simply consolidating all of our long distance plans onto a new billing platform which does not support business long distance services.

As part of this transition, we'll be ending the following services:

- *Toll-free numbers and 800 numbers
- *Validation codes and accounting codes
- *Conference calling
- *Calling cards and travel cards
- *Billing in 6-second increments

To avoid loss of these services, please contact an alternative long distance provider before December 31, 2012, and transfer your service from Working Assets/CREDO to your new provider.

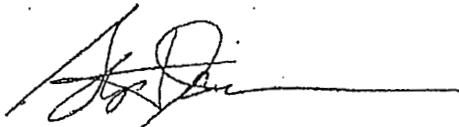

If you do not move your services to an alternative provider before December 31, 2012, you will be switched to a residential plan and will lose access to the business services described above. On January 1, 2013, you will be automatically switched to our \$5.95, 5-cent residential long distance plan. All interstate calls will be billed at 5 cents a minute and calls will be rounded up to the minute, not billed in six-second increments as before.

(over, please)

You can also switch any landline number (except 800 numbers) to mobile service with CREDO Mobile. CREDO Mobile voice plans include free domestic long distance and start at just \$29.99 a month. And we'll waive the activation fee for any Working Assets business long distance customer who signs up for CREDO Mobile service. To learn more, or to sign up for CREDO Mobile, give us a call at 888-800-4336 or visit us online at credomobile.com.

We value your connection to Working Assets/CREDO and to the progressive causes we support. Over the years, you have made a real difference in the world through our donations program. I realize that you may need long distance services that we will no longer provide and that you might move to another provider. If so, thank you for your loyalty over the years. It's my hope that we will be able to continue providing you service with CREDO Mobile service.

Sincerely,

FCC required notice: The FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible but no later than 15 days after the commission releases public notice of the proposed discontinuance. Address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the Section 63.71 Application of Working Assets Funding Service Inc. offered as Working Assets Business Long Distance. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service.

SECTION 63.71 APPLICATION OF
WORKING ASSETS FUNDING SERVICE, INC.
dba CREDO LONG DISTANCE

Working Assets Funding Service, Inc. dba Credo Long Distance ("Working Assets") submits this Application for authority under Section 214(a) of the Communications Act of 1934, as amended, and Section 63.71 of the Commission's rules, to discontinue post-paid calling-card service to approximately 9,000 customers whose calling-card services are supported by a billing platform that Working Assets intends to decommission. Effective December 31, 2012, when the billing platform is decommissioned, affected customers will no longer receive post-paid calling-card service from Working Assets.

Pursuant to Sections 63.71 (a) and (b) of the Commission's rules, Working Assets provides the following information:

1. Name and Address of Carrier (47 C.F.R. §§ 63.71(a)(1), (b)(2)):

Working Assets Funding Service, Inc. dba Credo Long Distance
101 Market Street, Suite 700
San Francisco, CA 94105

2. Date of Planned Service Discontinuance (47 C.F.R. §§ 63.71(a)(2), (b)(2)):

Subject to the Commission's authorization to discontinue service pursuant to Section 63.71(c) of the Commission's rules, effective December 31, 2012, Working Assets will cease providing post-paid calling-card service to affected customers.

3. Geographic Areas of Service Affected (47 C.F.R. §§ 63.71(a)(3), (b)(2)):

Subject to the Commission's authorization, Working Assets will discontinue post-paid calling-card service to customers located in all states (except Alaska where Working Assets does not currently offer service) and the District of Columbia.

4. Brief Description of Type of Service Affected (47 C.F.R. §§ 63.71(a)(4), (b)(2)):

Working Assets' post-paid calling card service has been provided as an additional service to its long distance subscribers and as a stand-alone service. Working Assets currently has approximately 9,000 customers who have post-paid calling cards. Effective December 31, 2012, however, Working Assets will have to decommission its billing platform that has supported post-paid calling-card service, and Working Assets will be unable to provide service to the affected customers once that billing platform is decommissioned. Affected customers' long distance service with Working Assets will not be impacted by the planned discontinuance of post-paid calling-card service.

Working Assets has informed customers that they may select a different provider for post-paid calling card service, and these customers have other options. The calling cards involved in this discontinuance are post-paid, and costs for calls using the calling card are billed to the customer's account. While once extremely popular, use of these cards has significantly declined. Pre-paid calling cards and mobile phones (both pre-paid and monthly plans) are widely available and are offered at competitive rates. Affected customers that desire post-paid

calling cards will have the opportunity to switch to other providers that offer the service at competitive rates. As a result, the public convenience and necessity should not be impaired by this discontinuance.

5. Brief Description of the Dates and Methods of Notice to All Affected Customers (47 C.F.R. § 63.71 (b)(3)):

Working Assets sent notices to affected customers by first class United States mail, postage pre-paid, on November 21, 2012. A copy of the notice is attached as Exhibit A.

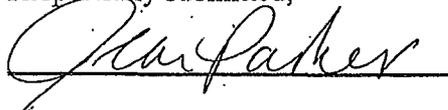

Working Assets is sending copies of this Application by first class United States mail to the governor and public utilities commission for each affected state, as well as to the Special Assistant for Telecommunications to the Secretary of Defense, as required by Section 63.71(a) of the Commission's rules.

6. Regulatory Classification of Carrier (47 C.F.R. § 63.71 (b)(4)):

Working Assets is considered non-dominant with respect to the services to be discontinued.

Working Assets respectfully requests that the Commission approve this Application. Additional questions regarding this Application may be addressed to the undersigned.

Re: Account number

Dear CREDO Member,

I'm writing to let you know that we'll be terminating our calling card and travel card services on December 31, 2012. Rest assured that this does not mean that CREDO is leaving the telecommunications business. We appreciate your making use of these services but we are moving to a new billing system and will not be able to continue providing calling card and travel card services. We're sending this notice nationwide to all of our customers who use our calling cards.

Your residential long distance service continues just as it did before and continues to generate donations for progressive causes. You do not need to do anything to continue to have CREDO residential long distance service.

If you need to continue to use a calling card, there are a number of other calling card options in your area. Get in touch with another telephone company before December 31, 2012, to sign up for a new calling card with a new provider.

We value your connection to CREDO and to the progressive causes we support. I hope we can meet all your communication needs with continued CREDO long distance service and CREDO Mobile service.
