RES TARIFF: RENEWABLE ENERGY STANDARD SURCHARGE SCHEDULE

Applies to: The Morenci Water and Electric Company Service Area
Greenlee and Graham County, Arizona

MWE's Renewable Energy Standard Surcharge ("RESS") – established in Decision No. 70303 (April 24, 2008) – applies to all retail electric service. All provisions of the customer's current applicable rate schedule will apply in addition to this surcharge. MWE will evaluate – from time to time – its program funding requirements. If necessary, the RESS may be increased if it becomes apparent that more funding is needed for MWE to meet the RES in future years. The Commission must approve any increases to the RESS. Any change to the RESS amounts will be applied in billing cycle beginning in the month following Commission approval and will not be prorated. The RESS rate and caps here were approved in Decision No. 73632 (January 31, 2013).

Surcharge:

A RESS of \$0.004988 per kWh, but capped as follows:

Residential Customers:	\$1.05 per month per service
Non-residential Customers:	\$39.00 per month per service
Non-residential Customers with demand of 3 MW per month for three consecutive months:	\$500.00 per month per service

The RESS will be shown as a separate item on customer bills. The RESS is established pursuant to A.A.C. R14-2-1801 through R14-2-1816, which was approved by the Commission in Decision No. 69127 (November 14, 2006).

Effective: January 31, 2013
