Dear Chairman Stump and Commissioners,

This letter is to inform you that I fully support the petition of the Boulders Homeowners Association requesting that the Waste Water Treatment Plant located in the Boulders subdivision be de-commissioned and removed as quickly as reasonable. This waste water treatment plant emits obnoxious odors and noises. These emissions undermine the enjoyment and use of their homes by people living in proximity to the plant. The plant is a nuisance that should not be permitted to exist in the midst of a residential neighborhood.

My schedule does not permit me to personally attend the Open Hearing on this matter scheduled on May 1st. In place of this personal appearance, this letter is to communicate to you my strong support of the Boulders Homeowners Association petition on this matter.

Thank you for your attention to my request.

Dear Chairman Stump and Commissioners,

This letter is to inform you that I fully support the petition of the Boulders Homeowners Association requesting that the Waste Water Treatment Plant located in the Boulders subdivision be de-commissioned and removed as quickly as reasonable. This waste water treatment plant emits obnoxious odors and noises. These emissions undermine the enjoyment and use of their homes by people living in proximity to the plant. The plant is a nuisance that should not be permitted to exist in the midst of a residential neighborhood.

My schedule does not permit me to personally attend the Open Hearing on this matter scheduled on May 1st. In place of this personal appearance, this letter is to communicate to you my strong support of the Boulders Homeowners Association petition on this matter.

Thank you for your attention to my request.
