1 **Q. How will the estimated monthly DSM surcharge amounts from the EERP compare**  
2 **to the Existing EE Rule Option change over time?**

3 A. Under the EERP, assuming the Commission approves EE investments by TEP in  
4 subsequent years, the DSM surcharge will increase as Company demonstrates its EE  
5 program have met the EERP's performance metrics established in TEP's annual  
6 implementation plans. The DSM surcharge will be determined following verification of  
7 savings and filed March 1<sup>st</sup> of each year for previous year's results. If no further EE  
8 investments are approved under the EERP, the DSM surcharge will collect the costs  
9 approved in this proceeding until those costs are fully recovered.

10  
11 Under the Existing EE Rule Option, TEP's DSM surcharge will change annually based  
12 on the EE Implementation Plan budgets approved by the Commission, with 100% of the  
13 program costs and performance incentive collected from customers in one year.
