1. All HOA increases are passed on to the residents.
  2. Also the 25% increase proposed will adversely affect fixed income (pensions) of residents of Province. Currently paying approximately \$100 per month using 3,500 - 4,000 gallons of water. (Well below level established by Globe)
  3. High water rates will adversely impact Maricopa's growth.
  4. With improving economic growth, more homes sold, equals more customers,. Why excessive increase?
