Addressed to both Commissioner Robert Burns and Commissioner Sue Bitter Smith

Dear Commissioners,

We are opposed to any additional mandates or directives that require our service providers to use wind energy complexes to produce clean energy. APS has said that the wind resources in Arizona do not meet their needs, are not reliable, and create problems in the grid.

The Perrin Ranch Wind Complex would never have been built if it had not been for the demands of the AZ Corporation Commission, and millions of taxpayer dollars would not have been wasted - nor we have had the environmental destruction of a scenic area.

Thank you,

Paul & Ally Cunningham / Howard Mesa Ranch
