To Whom It May Concern,

THE PROPOSED RATE CASE

Our Family is a customer of the Santa Cruz/Palo Verde Water Company which is a division of Global Water. We are writing this letter in response to the proposed increase in rates that is to be discussed this summer. We, at this household disapprove of the proposed rate case.

We know that water management is a vital part of southwest desert survival. We are trying to keep water usage reasonable and at a minimum in our home. We pay our bill & watch the amounts that we use by checking for leaks, guarding the time allowed for showers, dishwashing, laundry, etc.

We do want to thank your for providing this service to our home, to the parks & businesses as we all know how important this resource is. However, we each should be responsible for the amount of water used. Please don't penalize the responsible citizens for those who don't care how precious water is & how labor intensive it is to have provided on a regular basis.

We, the Florie family at this time, would like to go on record as stating that we are 100% opposed to the proposed rate hike and will vehemently fight for our right to be involved in this matter as the date of any and all proceedings approach.

With our signature below, we are certifying that along with an original and thirteen (13) copies that we have furnished to you this day, we have also sent a copy of this letter to GLOBAL WATER CO.

Thank you sincerely,

Carris & Shayla Florie family
