1. Any additional increase will heavily impact our lives since as retirees we live on a fixed income.
2. Any additional increase will impact our association assessments, thus more costs to us.
3. Any additional increases will discourage new people from moving into Maricopa.
4. Economy is much stronger now then in 2008 when Global Water filed their first ridiculous rate increase.

The rate increase that Global Water is proposing will impact us financially. As we live on a fixed income. Maricopa is growing since the economy is stronger. We cannot afford an increase and still be able to afford to live here.
