I am on a fixed income and any increase would definitely keep me from buying items, eating out (once per month), etc. If everything keeps going up, and some already have, I will be forced to sell and move out of Maricopa, and most people will not buy here knowing what they will have to pay in Utilities. Therefore causing this town to become dead, as I'm sure more and more people will do the same! I already pay almost 100.00 for the water and sewer, (which is outrageous), and the increase will definitely go over that. My income covers my bills at this time, but not for long, there again with any increase including HOA fees, Utilities, Orbitel, Electric, will be devastating to me, again I will have to sell my home and move out of town? Thank you.
