Re: Tucson Electric Power Company – Residential Bill Comparison Program
Docket No. E-01933A-07-0401, Decision No. 72254 (April 7, 2011)

Pursuant to Decision No. 72254, Tucson Electric Power Company (“TEP”) was required to file a Measurement and Evaluation Report (“MER”) on the results of the Residential Bill Pilot Program (“Program”), with proposals regarding continuation, termination, redesign or expansion, either within 90 days of the evaluation of Phase 1 or by December 31, 2012. The Program did not commence until October 2011 and therefore, the evaluation of Phase 1 is not yet complete. TEP notified Commission Staff of the delay. TEP filed information on this Program, also called “Home Energy Report Pilot Program”, as part of its annual DSM Progress Report filed in Docket No. E-00000C-13-0031 on March 15, 2013. Please see that filing for the required information.
