Arizona Corporation Commission. Docket# W50347817-12-0307

We were out of town when you had your last hearing in Yuma for this issue.

We were appaled to think that your hearing officers recommened nearly all of what Farwest water & sewer requested.

We feel that it is unjust to give them such an increase due to their mis management and greed.Furthur we believe that Yuma county should beheld partly to blame for allowing Far west corporation to expand their building project if they cant sevice what is already in phase.

Many of us in the Foot Hills are elderly and support Yuma in the Winter months, with out the Snow Birds where would Yuma & the Foot hills be?? You should be aware that some of these residents voted for you to protect them.

We further understand that there are increases in the cost of doing any business but not one of them ever makes an increas like this. If you feel that a huge increase like this proper, then phase it over a three to five year period so that the elderly Snow Birds can try to get it in their Budget.

What will happen is that many are going to sell out and when all the Winter Folk leave where will Far West be? Already we see more For Sale signs out.

Without Washington Oregon & Canada & Snow Birds from other states business in the Foot Hills will starve. Think about it.

We know that HANK would never have approved of this.
