I appose Global Water's request for a rate increase. When I retired and moved to Maricopa this past summer, one of the only negatives was the high cost of sewer and water compared to other communities we were considering. Now Global Water is requesting a significant increase in those rates. This increase will create a hardship for us, as it will not only have a dramatic affect on our monthly bill, but our HOA dues as well. I strongly request that you deny the Global Water request for a rate increase. Their current rate of return is significant. Their request is greedy at best, and an increase would hurt thousands of families in this community.
