10 Attorney for NRG Solar

11 **II Interest in Proceeding**

12 NRG Energy, Inc. is a leading independent power producer, with approximately 47,000
13 MW of generating facilities nationwide, including nuclear, coal, natural gas, solar and wind
14 generation. In Arizona, NRG Solar, has 192 MW of utility-scale and distributed solar generation
15 currently online or in active development. Additionally, an NRG Solar affiliate, NRG Thermal,
16 provides district heating and cooling services to customers in Phoenix and Tucson. NRG Solar's
17 interest in this case is to preserve the ability of renewable energy producers to continue to own
18 renewable energy credits ("REC"s) generated by their facilities where the utility does not
19 provide compensation for ownership.

20 NRG Solar reserves the right to take any position on any issues in this case.

21 No other party can adequately represent NRG Solar's interests.

22 **III Requested Relief**

23 NRG Solar asks that the Commission grant its Motion to Intervene.

1 RESPECTFULLY SUBMITTED on April 2, 2013.
