OPPOSE

With regard to your latest recommendations tha our sewer fees be increased by 300%. This is a small rural area. Tripling the rates will greatly affect the economics of this small community. The system we have in play works well now. Our current provider is not asking for this increase. I would guess that those in your commission do not pay \$150.00 per month for sewer fees. I would also submit that none of your commission would appreciate if other citizens were able to triple the cost of your sewer fees. Please revisit this recommendation.

Sincerely,  
Tom and Melody Buksa
